II. New Business

A. Dance Behaviors: Kate voiced concerns that her group had expressed about the inappropriate behavior at dances and what could be done to improve it. After much discussion about whether or not ALC should address this issue; whether a dress code could help; whether we should survey students or visit other schools, the group arrived at consensus. The administration has already started working on a plan for future dances that will include communication, education and demonstrations of what is expected. Jamalee and Phil will talk to Dusty Killingsworth about having SGA do a survey of students to find out why more students do not attend the dances
