**I. Minutes:** Minutes of the April 30<sup>th</sup> meeting were approved.

**II. Unfinished Business:** A+ School-Wide Objectives

Connie provided handouts with the suggested A+ objectives. There were seven objectives but some of them had essentially the same content with slightly different wording. Connie will combine those that are similar and make the wording consistent. The five objectives were approved in their amended form.

Connie also presented a form that will be used to provide documentation that will show which courses will be tracking which objectives. All courses will have to track at least one objective. The mastery level will be established at the departmental level. Since everyone will be tracking the school-wide objectives, we will no longer have to track individual course objectives.

**III. New Business: Intrinsic Student Motivation**

Kate mentioned that one of our objectives in the vision statement is to help students to be more intrinsically motivated. In the fall, Kate will chair an ad hoc committee that will investigate ways to encourage intrinsic motivation.

**IV. High School Issues**
