

Dear Friend,

We are moving to your area. This is a time of great decisions for me. I have so many opportunities and a wealth of choices in front of me. I am currently deciding where I should go to school. I have narrowed it down to a private junior high, a charter school, and your junior high/middle school.

I need your help with this decision. There are many wonderful attributes to each type of school, but I need to know which one will afford me the best opportunity for success. Please tell me all of the fantastic things about your school!

Sincerely,

Nuy Hope
