BIRD WORDS (KEY)

Use with edHelper

What words will you find in our reading today about birds?

“Bird Adaptations”

Vertebrates

Endotherms

Feathers

Scales

Eyesight

Beaks (bills)

Hummingbirds

Ostriches

Eggs

Penguins

Give three minutes to work on
and then give the following clues:

1. Some words are species of birds
2. Some words are descriptions
3. Some words are features birds
have

Then give them three more
minutes to work on this. Then read
the text and let them go and write
them on the smart board as they
come across them. (There is a PPT
to go with this).
